

Dame Trott and Sally

Dame (offstage) JACK!!!! JACK!!!

Sally Oh I spoke too soon... Don't mind her boys and girls, that's just my mum!

(Dame Trott Enters from SL)

Dame Silly, Have you seen Jack at all? I've been looking for him everywhere!

Sally (under her breath) It's Sally... (to dame) No mum, sorry I haven't... Last I saw him he was with Daisy down at the House.

Dame Oh well, if you see him, tell him im looking for him. He needs to go out and get a real job, sitting at home applying for love island, First dates and TOWIE, is not going to pay the bills! And word on the street is Squire Buck is going to increase the taxes again! Oh whatever will we do...

Sally Did you just say 'the word on the street'? It's not 1999 anymore mum...

Dame Oh stop it, we have serious problems at hand... That nasty Squire Buck is going to be the end of us if we're not careful!

Sally Oh don't worry mum, I can find us some work. It shouldn't be hard to find someone to employ me, I pride myself in doing a good job, you know, I'm a bit of a **PRE**fectionist (*Emphasis on PRE*)

Dame Well that may be the case Sally, but Jack will need to find some work too, now where is that little rascal...

Sally Like i said mum, last I saw him he was down at the house, but maybe my new friends have seen him?

Dame Friends?! You don't have any friends!

Sally Oh yes i do!
